Find Me The Money
INTRODUCTION

• This workshop will teach you:
  • Brief overview of the various types of funding sources available and
  • How to find and access the funding sources.
GRANT SEEKING is a LONG and COMPETITIVE PROCESS

- Year-round process.
- Sometimes tedious to prepare.
- Sometimes annoying.
- Average of 4-5 months to get award.
- Stiff competition.
- Awards are sometimes smaller than expected.
- Needy causes are easier to find funds for.
WHAT DO I NEED TO KNOW BEFORE I BEGIN MY SEARCH?

• What are you seeking money for? Program support, capital project, operating, conferences/training, publication?

FEDERAL FUNDING

• 2299 federal assistance programs.
• 26 federal grant making agencies / 1000+ grant programs.
• Sizeable grant amounts.
• Toughest to get - Competing with applicants throughout the nation.
• Usually for 501(c)3s and municipalities.
• Single and multi year grants.
FEDERAL GRANTS

• Year-round, but many RFPs come out late April – mid June.
• 3-12 weeks to respond.

• Requires partnerships/MOUs
• Questions on organizational capacity and evidence based practices.
• Measurable outcomes and reporting.
• Current uncertainty and shifting priorities (e.g., DOE - literacy out; school choice in).

• Don’t wait until last day to submit online.
• Ask for resumes, letters of support and insurance proof on first day.
• Don’t assume reader knows your program or geographic area.
• Follow directions.
• Get government official support.
• Obtain DUNS number  (fedgov.dnb.com/webform)
• Register With System for Award Management (SAM) (http://mysamregistration.com/)

WELCOME

As part of Governor Cuomo's transformative plan to improve the state's economic development model, a NYS Consolidated Funding Application (CFA) has been created that will streamline and expedite the grant application process. The CFA process marks a fundamental shift in the way state resources are allocated, ensuring less bureaucracy and greater efficiency to fulfill local economic development needs.

Utilizing the CFA serving as the single entry point for access to economic development funding, applicants will no longer have to slowly navigate multiple agencies and sources without any mechanism for coordination. Now, economic development projects will use the CFA as a support mechanism to access multiple state funding sources through one application, making the process quicker, easier, and more productive.

The CFA system is also the mechanism for Upstate Revitalization Initiative (URI) project sponsors to submit applications.

Potential not-for-profit applicants are strongly encouraged to begin the process of registering and prequalifying immediately as this is a lengthy process.

New York State Department of Health, Doctors Across New York (DANY)

DANY is designed to help train and place physicians in underserved communities to care for New York's diverse population. The DANY Physician Loan Repayment and Physician Practice Support programs make funds available to help recruit physicians to and encourage them to remain in medically underserved areas of the state. Funding is provided in exchange for a physician's commitment to work in an underserved area for a three-year period.

- **Eligibility:** Only physicians and health care facilities that meet lengthy eligibility criteria may apply. See the website for the full list of requirements.
- **Funding:** DANY awards will provide up to $40,000 per year for three years to or on behalf of a physician who agrees to practice in an underserved area for the three-year period. Approximately $9 million is available for 75 awards.
- **Deadline:** June 13, 2018

- Slightly easier to get.
- Small grant awards.
- Can work as match for a larger grant.
- Helps create track record for obtaining State and Federal grant funding.
SEARCHING FOR LOCAL GOVERNMENT FUNDING

- County government agencies
  (e.g. Westchester County Youth Bureau, Senior Programs & Services, Department of Social Services, Department of Health, Planning Department/Community Development Block Grants, Westchester-Putnam Local Workforce Development Board/Youth Build)
FOUNDATIONS

• Typically smaller amounts.
• Less complicated to put together.
• Tend to have less reporting, if any.
• Thousands of private and public foundations in US.
• Most have specific funding priorities (e.g. arts, education, health, underserved, geographic region)
TYPES OF FOUNDATIONS

• Family Foundation

  • Refers to any independent private foundation whose funds are managed or strongly influenced by members of the donor’s family.

  (e.g. Redlich Horwitz Foundation, Eugene and Emily Grant Foundation)

  • Family foundation comprise 40-45% of all private and community foundations.
  • Most are small, informal organizations that do not have web sites.
  • Many do not have application guidelines; you can send them a general letter of request.
  • Typically give to personal causes (e.g. kid’s colleges, favorite charities)
TYPES OF FOUNDATIONS

- Independent Foundation  (Private Foundation)
  
  - Nongovernmental, non-profit, self-governed organization.
  - Funds are usually from a single source, such as an original donor, group of individuals pooling money, etc.
  - Funds are managed by board or directors.
  - Generally do not actively raise funds or seek public financial support.

  (e.g. Heckscher Foundation for Children, Carvel Foundation, American Hiking Society’s National Trails Fund, St. Faith’s House Foundation)

  - Can be large and usually professionally managed by a director.
  - Typically have carefully developed grant making strategies and criteria.
  - Must “pay out” approximately 5% of the market value of its assets each year.
  - Usually have a particular funding focus.
TYPES OF FOUNDATIONS

• Operating Foundation

  • Private foundation whose primary purpose is to conduct research, social welfare, or other programs determined by its governing body or establishment charter.
  • May make grants, but the amount of grants awarded generally is small relative to the funds used for the foundation's own programs.
  • Generally raise funds from public donations or fundraisers.

(e.g., Helen Hayes Hospital Foundation, Jewish Federation & Foundation, Friends of the Tarrytown Library)
TYPES OF FOUNDATIONS

• **Corporate Foundation (Company-Sponsored Foundation)**

  • Assets are derived primarily from contributions from their for-profit business.
  • May maintain ties to the parent company, but is an independent entity.
  • Abides by same rules and regulations governing private foundations.
  • Differs from corporate giving programs.

  (e.g., Gannett Foundation, Verizon Foundation, Entergy Charitable Foundation, Bank of America Foundation, Pepsi Foundation, Dollar General Literacy Foundation )
TYPES OF FOUNDATIONS

• Corporate Giving Program (Direct Giving Program / Sponsorships)
  
  • Grantmaking program administered within a for-profit corporation (often administered by marketing or public relations unit).
  • Does not have separate endowment; grant making closely tied to company profits.
  • Gifts and sponsorships go directly from the company to charitable organizations.
  • Often focuses grant making on communities within which the company operates.
  • Not subject to the same reporting requirements as corporate foundations.

(e.g. Entergy, PepsiCo, TD Bank, Webster Bank, M&T Bank)
TYPES OF FOUNDATIONS

• Community Foundations
  • Serves a specific geographic community or region. (e.g., Rockland Community Foundation, Westchester Community Foundation, Community Foundations of the Hudson Valley)
  • Funds usually derived from many donors but managed in a single or a few endowments. Income from the endowment is used to make grants.
  • Funding focus is usually on local needs.
  • Offer an increasing variety of donor-advised options and services.

**$35.5M Available for Teen Arts Programs**

**Private Funder:** Surdna Foundation; **Opportunity:** 2017 Thriving Cultures Grants-Teens’ Artistic and Cultural Advancement; **Funding Focus:** Education and the arts; **Geographic Focus:** National; **Eligibility:** Schools and nonprofits; **Funding:** Varies, generally in the $35,000 to $80,000 range (the foundation made $35.5 million in grants last year); **Deadline:** Rolling.

**Summary:** These grants support education and arts opportunities for teens. The foundation supports projects helping teens from many cultures contribute to the evolution of new art forms.

The foundation recently gave $35,000 to the Mattress Factory ([www.mattress.org](http://www.mattress.org)), Pittsburgh, PA, for a program to provide teen artists with the opportunity and resources to work with professional artists to create installations and develop conceptual thinking.

It gave $170,000 to the Juvenile Justice Project of Louisiana ([www.jjpl.org](http://www.jjpl.org)) for the New Orleans Youth Organizing Collaborative.
